

EXECUTIVE SUMMARY

Issue: Presentation, discussion and consideration to adopt the proposed policy for the development of the Arizona Mathematics Standards and English Language Arts Standards

 Action/Discussion Item Information Item**Background and Discussion**

Arizona Revised Statutes (A.R.S.) §15-203 requires that the Board define college and career readiness. A.R.S. §§15-701 and 15-701.01 specifically authorize and mandate that the Board adopt academic standards and minimum competency requirements for grades K-12.

The Board adopts academic standards addressing what a student is ultimately expected to learn (i.e., multiplication, grammar, understand simple words and expressions in a foreign language). Arizona retains authority to approve and modify academic standards; there is no federal law requiring the adoption of specific standards.

At the March 2015 meeting of the Board, Governor Doug Ducey called upon the Board to make any necessary changes to the Arizona Mathematics Standards and English Language Arts Standards, in order to ensure that the standards are vetted, approved and controlled by Arizona, and that they are the best for Arizona's students.

In response to Governor Ducey's request, the attached policy for the development of the Arizona Mathematics Standards and English Language Arts Standards is presented to the Board for consideration.

In anticipation of the Board's deliberation of this policy, applications for consideration for appointment to the Committee are available at <http://www.azed.gov/state-board-education/state-board-advisory-committees/>.

Recommendation to the Board

It is recommended that the Board adopt the proposed policy for the development of the Arizona Mathematics Standards and English Language Arts Standards, as presented herein.

EXECUTIVE SUMMARY

**Arizona State Board of Education
Policy for the Development of the
Arizona Mathematics Standards and English Language Arts Standards**

Continuing to ensure that Arizona academic content standards are vetted, approved and controlled by Arizonans, the Board creates the Arizona Academic Standards Development Committee (Committee) to advise the Board on the development and improvement of the Arizona K-12 Mathematics Standards (Math Standards) and the Arizona K-12 English Language Arts Standards (ELA Standards). The current Arizona Math Standards and ELA Standards will be the starting point for the process, and initial comments shall be sought to inform the scope of revisions to the standards, in order to ensure Arizona's academic standards are excellent and rigorous.

The Superintendent shall designate an employee or employees of the Department Division of K-12 Academic Standards to provide support to and assist the Committee and its subcommittees in the execution of the duties under this policy.

The Board directs the Committee to complete the required processes so that the Board may adopt revised standards before the close of the 2015-2016 school year.

In order to allow the Committee to begin its work before the summer, the Board delegates the duty to appoint members of the Committee, and to select a Chairperson of the Committee from among the Board members appointed, to a 3 member committee of the Board comprised of Greg Miller as Chair, Chuck Schmidt and Jared Taylor. Appointments to the Committee shall be an equal mix of people who have and who have not participated in the standards development process in the past. Applications for the Committee are due to the State Board by May 6, 2015, and appointments shall be made to the Committee on or before **May** 15, 2015. Applications are available at <http://www.azed.gov/state-board-education/state-board-advisory-committees>.
